

The universal destinations platform.

Unifrog helps learners compare every university course, every apprenticeship, and Further/Higher Education courses - to support your long term career goals.

Helping students find their future

We bring all the available information into one single, impartial, user friendly platform that helps students to make the best choices to help you identify the best progression route for your career

The **Unifrog work placement tool** aims to help the faculty manage the admin behind the placements process.

The new tool makes it easy:

For **students to get the ball rolling, then reflect on the placement afterwards;**

For the **employer to plan the placement.**

For the **employer** to also follow and confirm that they follow best practices in:

Insurance; Health and safety; Risk Assessment; Safeguarding; Covid safety guidelines; Data protection (eg the UK GDPR);

For the **parent / guardian to agree to the placement** and stay informed of what's happening.

As a Unifrog user you can access a series of -

Webinars aimed at covering topics such as Green Careers, Living more sustainably and career opportunities.

Case Studies from Leading Companies and Universities in a '**What's it really like?**' series.

There are also **guides to help** you with completing applications for further studies and developing personal statements.

Unifrog also has a digital library of resources aimed at supporting you in the next steps of your career.

Unifrog provides **unbiased careers information** and advice to young people to help them make informed decisions about the next steps in their career, apprenticeships, college or further training. Unifrog brings together every step of the process, from students **exploring** their interests, to **recording** their skills, to **finding** and **comparing** apprenticeship and university courses, to submitting applications.
